-  Airfield management and aircraft safety
-  Transportation
-  Hazardous materials and waste

POTENTIAL IMPACT REVIEW

The U.S. Air Force (USAF) will conduct cultural and natural resources surveys in the areas proposed for upgrades, and consult with appropriate resource agencies to determine the potential for significant impacts on those resources. During construction, the USAF anticipates an increased demand on the construction workforce and an increase in local spending. Currently, no other short- or long-term notable impacts are anticipated. Additional analysis will be provided in the Draft EIS.
